Using of the English sides/pages of my homepage (www.ueberleben-yeshuja.de)

my homepage have three places where I can put special things for this page. After the top two places one right the outher left edge. And neally at the bottem in the middel, it is above the picture of my older face.

You are right when you see english words, sometime my whriting is not correct, sorry for that, it is moastly an old whriting.

No one can I give up my homepage. The moast people tried my whole live to bring something of my one things away. When you see that oters try to break your things, than althou as handicapped person you try to doe everything buy yourselve.
